About The 3E Event

This September will be our 9th Annual 3E Event.

It is proof that power is generated when women collaborate, motivate, and inspire each other. Together we discover and create truly unlimited pathways that are aligned with your deep soul.

Awaken the Power Within – YOU Matter!

The 3E Event is an experience of creativity, discovery, and collaboration where attendees learn about emotional, mental, and financial wellness and journey within. We are more effective when we gather as a tribe. We can motivate and empower one another. We want those who are touched by 3E to learn that they have the potential to Elevate by Opening Hearts, Expanding Minds, and Transforming Lives.

...be part of a legacy

“Sometimes deciding who you are now is choosing to never be the same as you were.” ~Liza

A portion of net proceeds from the event go to support HealWithinKids.org, a non-profit-501(c)(3) with a mission of providing holistic, alternative therapies to motherless children

Liza Boubari - A Brief Bio

Liza Boubari is an inspirational Speaker, Author, Certified Clinical Hypnotherapist, Stress and Domestic Abuse consultant, and Action coach. Liza's 20+ years of professional experience has helped transform and empower thousands of individuals.

She founded: the healing center "HealWithin", the non-profit "HealWithinKids.org" for motherless children, the "Heal-Talk Tuesdays" podcast, the "3E Events" annual women's empowering events, and now the TV show "Real-Talk with Liza.TV"

The vision for the 3E Event began nine years ago with the passion to bring the women of our larger community together to dedicate a day to evoke passion, embrace femininity, and evolve spiritually.

What is 3E?

It is coming together as spiritual beings striving to connect and balance in mind and body. This emotionally enriching experience is beyond expectations. It is an experience to: *Evoke* and acknowledge what was – *Embrace* and accept what is – and *Evolve* and to receive what will be – because...You Matter!

Today, Liza is on a mission to empower individuals to release patterns and habits that are no longer conducive to their health and overall well-being, as she strongly believes "we all matter".
